

Megan Bishop, Executive Director

Megan Bishop is the Executive Director of the Book Publishers Association of Alberta (BPAA). She supports the development of the Alberta book publishing industry and works to increase awareness of locally published books to readers, librarians, booksellers, and educators.

Before moving into the Executive Director role, Megan was knee-deep in the weeds of the BPAA's extensive programming. While she's now focused on the bigger picture of the association, she still finds herself drawn back to the weeds occasionally.

Megan has a special interest in accessible book publishing and ensuring all readers can access the books they want to read in a format that works for them. Thanks to training provided by eBOUND Canada, she is a Certified Benetech Certifier.

And, of course – Megan is an avid reader.
